

Vandergrift Public Library

The Vandergrift Public Library is pleased to bring back our Anime Club. This club is designed for youth in grades 5-10. The library is providing a safe space for these kids to make connections with others who share their love of Anime. This club is not led or guided by library staff and is self-sufficient. With that being said, library staff still expect all rules to be followed. Children 10 years or younger must be accompanied by an adult. By signing this agreement both the child & parent understand that each individual is to act respectfully and appropriately for library settings. Those who are breaking these behavior rules, will be asked to leave.

Prohibited Behavior includes but is not limited to:

- Swearing or cursing
- Running around or acting as if we are outside and not in a building
- Screaming or yelling
- Rude, hateful, discriminatory or any other offensive comments

Continuing disruptive behavior after 1 warning, you will be asked to leave. This is a library, not a playground. Please respect our staff, patrons, and the library itself. We want to be able to provide these great and wonderful services.
